

Just want to let you now how unhappy I am that you might be considering taking away our DO NOT CALL List. After enjoying our dinners, early mornings and weekends in peace for the past couple of years, I would hate to go back to the endless marketing call that we used to receive. I have NO Desire to have any of these calls made, nor do I miss any of the calls. Please, Please, Please let us keep the DO NOT CALL List in effect so we can all enjoy our peace and quiet... Thank you.
